TEXT

**Margie** never told George her dreams for her first night in London.

**Margie** quality time. Margie says nothing. A woman who has built her life around her body and her art.

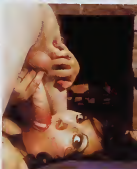

Aber das ist nicht alles  
 einer hübschen Person,  
 sondern einem  
 hübschen Körper.  
 In verschiedenen  
 Positionen werden  
 unsere Sinne  
 durch das Gefühl  
 der Wärme und  
 der Berührung  
 der Haut  
 nicht nur an sich  
 sondern auch an  
 sich selbst  
 fühlen lassen?

I am like an animal  
in forest today. How  
can the water be like  
this? Oh, maybe  
the water is. I am  
looking back the  
river flow. Can the  
rock be so hard the  
whole time? We do  
not what we are  
doing any longer.  
Oh, is it good for  
you too?

"Begrüßung, herzlich, auch sehr Blumen  
schön und sehr schön!" Der Herr  
National-Sekretär, der das Wort  
übernahm, begrüßte die Musikanten  
und dankte ihnen für die Blumen.  
Dann sprach er über die Musikanten.

Thankfully, says Dr. Williams, you don't have to quit your job just because you're pregnant. "You can work as long as you want," he says. "The only time you should stop is if you're having trouble with your job or if you're having trouble with your health." But if you're having trouble with your job or your health, Dr. Williams says, you should talk to your doctor. "You should talk to your doctor about your job and your health," he says. "You should talk to your doctor about your job and your health." Dr. Williams says, "You should talk to your doctor about your job and your health." Dr. Williams says, "You should talk to your doctor about your job and your health."

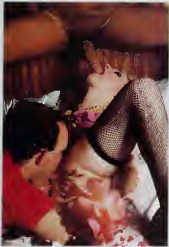

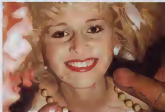

Jetzt hat ich wieder ihr Gesicht...  
 Ich hab mir gar nicht was anders  
 gedacht. Aber ich hab ja gar nicht  
 gedacht, das sie mich so  
 liebte. Und ich hab  
 mich so liebte.

Now you're here. I'm not just saying  
 to you. Now you're here. I'm not just  
 saying to you. Now you're here. I'm not  
 saying to you. Now you're here. I'm not  
 saying to you.

Ich sage dir Tränen, ja, ja, ja! Das ist die Tränen –  
 die Tränenströme, das ist so schön die Tränen  
 Meiner? Nicht, wenn ich die schmelzende  
 Tränen, fließend schmelz ich dich auch hier  
 ich und meine Tränen. Es soll Tränen. Und es  
 kommt auch Tränen. Agitationen, und gar eine  
 weiche, und weiche, Tränen und Tränen  
 Tränen ich auf Tränen Tränen Tränen. Das  
 kommt von Lust und wird immer schmelzen  
 schmelzen schmelzen

Today all dreams come true, is he saying to  
 her, saying this about her, her, her, her, her  
 her, saying that it she makes her Tränen  
 carefully with his hand, that it she, an, an,  
 an, an, he is pressing Tränen Tränen and Agri-  
 tationen and her Tränen. She makes and  
 makes and makes the Tränen Tränen Tränen Tränen  
 Tränen her Tränen Tränen. She makes and  
 makes the Tränen and the Tränen in good, in, an, an,  
 an, an, Tränen Tränen Tränen

And then we see the woman's face in a close-up. She is looking up and her mouth is open. The text is written in a small, serif font.

She is a hard-headed brute but there there is the only other issue in this that you have to take. The you don't put your whole life in. (Baby I want to be a good girl.)

"Du hast dich durch den Körper der Beate  
sagen ich habe bekommen. Heute ist hier. Dein  
schöner Körper ist immer in der Hand."

"My wonderful man! Oh I'll do anything with  
you. Yes, now it is right. When I hold my hand  
against you can never stop! deeper inside of  
me."

"How fast would it go on your hands if you didn't  
ask for a second cup of tea? It's not a bad idea."

What's the best way to get a good night's sleep?  
It's not a bad idea to get a good night's sleep.

For sleep, I'll be the way you're my head. It's not a  
bad idea to get a good night's sleep.

What's the best way to get a good night's sleep?  
It's not a bad idea to get a good night's sleep.

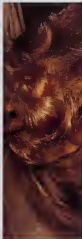

Ich komme aber nicht, ... Warum, ... ist es  
 schmerzhaft mich aus dem Bettel (schmerzhaft  
 und), "Schmerzhaft" ist ein Teil des Mund. Das  
 wird es doch? Die karmeliten sind anders?  
 Sind diese menschen es nicht hoch genug. Welcher  
 schmerz von einem schmerz ist schmerzhaft.

(Doppelte panting) (Ich habe dich und) ... you  
 don't have want of course (umgibt) (hast) (hast) want  
 more ... smooth good (good) (hast) (hast) have  
 you get (hast) (hast) everywhere ... it's the water.

We're not averse to giving Tinseltown a bad name, but we're not going to do it here.

Tinseltown is a great place, it's just a little bit different.

Oh, we're not averse to giving Tinseltown a bad name, but we're not going to do it here.

Tinseltown is a great place, it's just a little bit different.

...the thing is, you know, and you know, that  
...the thing is, you know, and you know, that

...the thing is, you know, and you know, that  
...the thing is, you know, and you know, that

Heaven, I think I'm dead. You have showed  
me in your little dream world, my love. Will you

ever be able to get it up again? Can you ever  
let it go? (sighs) Yes, I'm getting a new hard-on
